## HIGHLIGHTS/SUMMARY OF THE SCHEME

<b>Name of the Scheme</b>	<b>BNP Paribas Fixed Term Fund - Series 21 E</b> A Close ended Income Scheme. The Scheme shall comprise instruments maturing on or before the maturity of the Scheme.						
<b>Investment objective</b>	The Investment objective of the scheme would be to achieve growth of capital through investments made in a basket of fixed income securities maturing on or before the maturity of the scheme.						
<b>Duration of New Fund Offer</b>	The offer for Subscription of the Units of the Scheme - BNP Paribas Fixed Term Fund - Series 21 E will be open for initial subscription from February 24, 2011 to March 1, 2011. The Trustee reserves the right to extend the closing date of the New Fund Offer Period of the Scheme, subject to the condition that the subscription list shall not be kept open for more than 15 days.						
<b>Maturity Date of the Scheme</b>	Maturity date of the Scheme would be 12 months from the date of allotment of units, unless rolled over. In case the Maturity date or payout date happens to be a non-business day then the immediate next business day shall be considered as the Maturity date.						
<b>Liquidity</b>	Being close-ended Scheme, investors can subscribe to the Units of the Scheme during the New Fund Offer Period only. The units will be listed and available for trading through the Stock Exchange(s) within five business days of allotment. Investors will not be able to redeem their units during the tenor of the Scheme and there will be redemption by the fund on the maturity of the Scheme. However the units held in dematerialized form can be traded on the Stock Exchange. In case the investor intends to exit, he may do so through the Stock Exchange.						
<b>Benchmark</b>	CRISIL Short Term Bond Fund Index						
<b>Transparency / NAV Disclosure</b>	The AMC will disclose the first NAV of the Scheme not later than 5 business days from the date of allotment of the Scheme. The AMC shall declare the Net Asset Value of the scheme on every business day on AMFI's website ( <a href="http://www.bnpparibasmf.in">www.bnpparibasmf.in</a> ) by 9.00 p.m. everyday and also on their website ( <a href="http://www.bnpparibasmf.in">www.bnpparibasmf.in</a> ). The NAV shall be calculated for all business days & released to the Press. In case of any delay, the reasons for such delay would be explained to AMFI and number of such instances would be reported to SEBI on bi-monthly basis. If the NAVs are not available before the commencement of the following day due to any reason, the Mutual Fund shall issue a press release providing reasons and explaining when the Mutual Fund would be able to publish the NAVs. The NAV of the Scheme shall be published at least in two daily newspapers every day. Since the Scheme is proposed to be listed on a recognised Stock Exchange, the listed price would be available on that Stock Exchange. The AMC will disclose broad details of the portfolio of the Scheme on a monthly basis on the website of the AMC <a href="http://www.bnpparibasmf.in">www.bnpparibasmf.in</a> . The mutual fund shall publish a complete statement of the scheme portfolio and the unaudited financial results, within one month from the close of each half year (i.e., 31st March & 30th September), by way of an advertisement at least, in one National English daily and one regional newspaper in the language of the region where the Head Office of the Mutual Fund is located. <b>The Mutual Fund/AMC and its empanelled brokers/distributors has not given and shall not give any indicative portfolio and indicative yield in any communication or in any manner whatsoever. Investors are advised not to rely on any such communication regarding indicative yield/portfolio with regard to the Scheme.</b>

## I. INTRODUCTION

### A. RISK FACTORS

#### Standard Risk Factors:

- Investments in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk, including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down. The various factors which impact the value of the Scheme's investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee future performance of the scheme.
- BNP Paribas Fixed Term Fund - Series 21 E is the name of the scheme and does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 1,00,000 (Rupees One Lakh Only) to the corpus of the Mutual Fund made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

#### Scheme Specific Risk Factors:

Subject to the stated investment objective, the scheme proposes to invest in debt and debt related instruments. The Risk Factors for debt and debt related instruments are provided below:

- Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.
- There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.
- The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment.

#### Schemes investing in Bonds:

##### Credit Risk

Credit risk refers to the risk of default in timely payment of interest or principal and the market perception of credit worthiness of the issuer. Investments in bonds and debentures will usually be in instruments that have been assigned high investment grade ratings by a recognized rating agency. The Scheme, may, considering the overall risk of the portfolio, invest in lower rated/ unrated securities offering higher yields. This may increase the absolute level of risk of the portfolio.

#### **Interest Rate Risk**

The price of a fixed rate instrument fluctuates inversely with the prevailing level of interest rates in the market. Reinvestment risk, a component of interest rate risk, is the risk that future proceeds will have to be reinvested at a lower potential interest rate. The Scheme could also be exposed in case of floating rate instruments to interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement. (Basis/ Spread risk)

#### **Liquidity Risk**

Trading volumes, settlement periods and transfer procedures may affect the liquidity of the investments of the scheme. The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

#### **Risks associated with investing in Derivatives:**

The Scheme may also use various derivative and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio. As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialised instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Even a small price movement in the underlying instrument could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

#### **Risk Mitigant:**

Fixed Term Funds are generally held-to-maturity portfolios. Hence, probability of liquidation or saleability of securities is less compared to an Open Ended Fund. To that extent, it reduces Liquidity Risk, Re-Investment Risk & Valuation related Risks of the portfolio.

#### **Credit Risk**

A credit evaluation of each investment opportunity will be undertaken. The AMC will utilise ratings of recognised rating agencies as an input in the decision making process. Investments in bonds and debentures will usually be in instruments that have been assigned high investment grade ratings by a recognised rating agency.

#### **Interest Rate Risk**

An interest rate scenario analysis would be performed on an on-going basis, considering the impact of the developments on the macro-economic front and the demand and supply of funds. Based on the above analysis, the AMC would manage the investments of the Scheme on a dynamic basis to exploit emerging opportunities in the investment universe and manage risks at all points in time. Since, the securities held will have maturity and duration lower than the scheme's maturity and duration, this risk is reduced.

#### **Liquidity Risk**

The AMC will provide liquidity by maintaining a low average duration of the portfolio and by investing in securities that would result in a staggered maturity profile of the portfolio. Liquidity will also be managed by investing in the Collateralised Borrowing & Lending Obligations (CBLO) / repo market whenever, CBLO money / repo yields are attractive relative to other money market yields. Investment in debt instruments would generally be in securities that have reasonable secondary market activity. The Scheme may invest in government securities, corporate bonds and money market instruments. Liquidity risks for government securities, money market instruments and short maturity corporate bonds may be generally low.

#### **Reinvestment Risk**

Reinvestment risk will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

#### **Derivatives Risk**

The fund has provision for using derivative instruments for portfolio balancing and hedging purposes. Interest Rate Swaps will be done with approved counter parties under pre approved ISDA agreements. Mark to Market of swaps, netting off of cash flow and default provision clauses will be provided as per international best practice on a reciprocal basis. Interest rate swaps and other derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines. The fund will endeavor to maintain adequate controls to monitor the derivatives transactions entered into.

### Counterparty Risk

The Mutual Fund has an exposure limit for its counterparties due to which this risk is reduced to the extent of exposure. The AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures / risk & exposure limits etc, which may be modified from time to time.

For investors, units will be listed in stock exchange. Investors can sell the units to redeem their investments.

## B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme and Individual Plan(s) under the Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). These conditions will be complied with immediately after the close of NFO itself i.e. at the time of allotment. In case of non-fulfillment with the condition of minimum 20 investors, the Scheme/Plan(s) shall be wound up in accordance with Regulation 39(2) (c) of SEBI (MF) regulations automatically without any reference from SEBI. In case of non-fulfillment with the condition of 25% holding by a single investor on the date of allotment, the application to the extent of exposure in excess of the stipulated 25% limit would be liable to be rejected and the allotment would be effective only to the extent of 25% of the corpus collected. Consequently, such exposure over 25% limits will lead to refund within 5 business days of the date of closure of the New Fund Offer.

## C. SPECIAL CONSIDERATIONS

- From time to time, the Sponsor, their affiliates, associates, subsidiaries, the Mutual Fund and the AMC may invest

directly or indirectly in the Scheme. These entities may acquire a substantial portion of the Scheme's Units and collectively constitute a major investor in the Scheme. Accordingly, redemption of Units held by such entities may have an adverse impact on the Scheme because the timing of such redemption may impact the ability of other Unit holders to redeem their Units.

- Redemption by the Unitholder due to change in the fundamental attributes of the Scheme or due to any other reasons or Winding-up of the Scheme for reasons mentioned in this Document may entail tax consequences. The Trustee, AMC, Mutual Fund, their Directors, officers or their employees shall not be liable for any such tax consequences that may arise.
- Investment decisions made by the AMC may not always be profitable.
- The tax benefits described in this Scheme Information Document are as available under the prevailing taxation laws. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely.
- Investors should study this Scheme Information Document carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, investment or any other matters. Investors are advised to consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest / redeem Units.
- Neither this Scheme Information Document nor the Units have been registered in any jurisdiction. The distribution of this Scheme Information Document in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, persons who come into possession of this Scheme Information Document are required to inform themselves about and to observe any such restrictions.
- No person has been authorised to issue any advertisement or to give any information, either oral or written to make any representations other than that contained in this Scheme Information Document. Circulars in connection with this offering not authorised by the Mutual Fund / Trustee / AMC and any information or representations not contained herein must not be relied upon as having been authorised by the Mutual Fund / Trustee / AMC.

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME

Close-ended Income Scheme with no assured returns

### B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The Investment objective of the scheme would be to achieve growth of capital through investments made in a basket of fixed income securities maturing on or before the maturity of the scheme.

However, there can be no assurance that the investment objectives of the Scheme will be realized. The Scheme does not guarantee/indicate any returns.

### C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation under the Scheme would be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Minimum	Maximum	
Debt Instruments*	0	100	Low-Medium
Money Market Instruments	0	100	Low-Medium

\* The cumulative gross exposure through debt and derivative positions will not exceed 100% of the net assets of the scheme. It may be noted that cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. An internal limit upto 30% has been set for investments in debt derivatives. The Scheme does not intend to invest in Foreign Securities. The Scheme will not engage in Securities Lending. The Scheme will not invest in equity and equity related securities and securitised debt including foreign securitised debt.

It may be noted that AMC has to adhere to the asset allocation pattern indicated in the Scheme Information Document under normal circumstances.

According to SEBI circulars (reference no. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007, SEBI/IMD/CIR No. 8/107311/07 dated October 26, 2007 and SEBI/IMD/CIR No. 7/129592/08 dated June 23, 2008), pending deployment of funds of the Scheme in securities in terms of investment objective of the Scheme, the Mutual Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks subject to restrictions laid down under the SEBI Regulations from time to time.

#### Portfolio Rebalancing Strategy

An ongoing review of the credit strategy of investments would be conducted along with duration management of the asset portfolio. The Fund Manager shall adopt such strategy as may be required for portfolio rebalancing, if required.

#### Change in Investment Pattern

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, depending on liquidity considerations or on account of

high levels of repurchase or redemptions relative to fund size, or upon considerations that optimise returns of the Scheme through investment opportunities or upon various defensive considerations including market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions may vary substantially depending upon the perception of the AMC the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and only for defensive considerations. In addition, as part of the investment process, the Investment Committee of the AMC will conduct a periodic review of the asset allocation and may suggest rebalancing of the portfolio.

### D. WHERE WILL THE SCHEME INVEST?

The corpus of the Scheme will be primarily invested in any debt instrument, which is rated as investment grade by any rating agency like CRISIL, ICRA, and FITCH and money market instruments aiming to reduce interest rate risk of the plan. The actual percentage of investment in various fixed income securities will be decided after considering various factors such as the prevailing inflation and interest rate scenario, performance of corporate sector, general liquidity and other considerations.

Subject to SEBI Regulations, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- Debt obligations of the Government of India, state and local governments, government agencies, statutory bodies, public sector undertakings, scheduled commercial banks, non-banking finance companies, development financial institutions, corporate entities & trusts.
- Debt & Money Market securities and such other securities as may be permitted by SEBI and RBI regulations from time to time.
- Money market instruments including but not limited to, treasury bills, commercial paper of public sector undertakings and private sector corporate entities, repurchase & reverse repurchase agreements, certificate of deposit of scheduled commercial banks and development financial institutions, bills of exchange/ promissory notes of corporate entities, government securities with unexpired maturity of one year or less and other money market instruments as may be permitted by SEBI/ RBI.
- Pass through, Pay through or other Participation Certificates, representing interest in a pool of assets including receivables.
- The debt component of convertible securities.
- Any other like instruments as may be permitted by RBI / SEBI / such other regulatory authority from time to time.
- Derivative instruments like Interest Rate Swaps, Forward Rate Agreements and such other derivative instruments permitted by SEBI/RBI.

The securities mentioned above and such other securities that the scheme is permitted to invest in, could be listed / unlisted, privately placed, secured / unsecured,

rated / unrated of any maturity. The securities may be acquired through initial public offerings (IPO's), secondary market operations, private placements, rights offers (including renunciation) or negotiated deals.

## E. WHAT ARE THE INVESTMENT STRATEGIES?

The AMC will analyse macro economic fundamentals such as growth, inflation, exchange rates, liquidity, etc. Based on these factors an interest rate view is generated. This view is used as the basis for determining the average portfolio maturity of the scheme.

Portfolio adjustments are then processed to achieve maximum total return. Extension or retraction of maturity / duration begins only after a thorough evaluation of spreads between quality issuers, market sectors and yield curves. The emphasis is on instruments where the financial strength of the issuer / guarantor is well documented by major rating services. In addition, in-house credit analysis is relied on to arrive at relative positions within major rating categories.

This being a fixed term plan, under normal circumstances, the need to rebalance would be minimal once the initial investments have been made.

### Risk Control

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures / risk & exposure limits etc., which may be varied from time to time.

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI/RBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

### Position of Debt Market in India

The debt market in India is one of the largest such markets in Asia. A bulk of the debt market consists of Government Securities. Other instruments available currently include Corporate Debentures, Bonds issued by Financial Institutions, Commercial Paper, Certificates of Deposits and Securitised Debt. Securities in the Debt market typically vary based on their tenure and rating. Government Securities have tenures from one year to thirty years whereas the maturity periods of the Corporate Debt vary from one year to fifteen years. Recently some banks have also issued perpetual bonds. Securities may be both listed and unlisted and increasingly most securities of maturities of over one year are being listed by issuers. While in the corporate bond market, deals are conducted over telephone and are entered on principal-to-principal basis, due to the introduction of the Reserve

Bank of India's NDS- Order Matching system a significant proportion of the government securities market is trading on the new system. The yields on various securities, currently, are as under:

Instrument	Yield range as on January 31, 2011 (% per annum)
Inter bank money	6.75 - 7.00
91 day Treasury Bill	7.10 - 7.20
P1 + Commercial Paper 90 days	9.75 - 10.00
5 year Government of India Security	8.10 - 8.15
10 year Government of India Security	8.15 - 8.20
15 year Government of India Security	8.40 - 8.50
Certificate of Deposit (90 Days)	9.35 - 9.45

### Strategies involving Derivatives

The Scheme intends to use derivatives for the purposes, which may be permitted by SEBI Mutual Fund Regulations from time to time, which will include hedging & portfolio balancing. SEBI has vide its Circular SEBI/MFD/CIR No.03/158/03 dated June 10, 2003, specified the guidelines pertaining to trading by Mutual Fund in Exchange Traded Derivatives. Accordingly, the Scheme may use derivative instruments viz. Interest Rate Swaps, Forward Rate Agreements, or such other derivative instruments as may be introduced from time to time and as permitted under the SEBI Regulations and guidelines.

The following information provides a basic idea as to the nature of the derivative instruments proposed to be used by the Fund and the benefits and risks attached therewith.

### Interest Rate Swaps (IRS) and Forward Rate Agreements (FRA)

#### Benefits

Bond markets in India are not very liquid. Investors run the risk of illiquidity in such markets. Investing for short-term periods for liquidity purposes has its own risks. Investors can benefit if the Fund remains in call market for the liquidity and at the same time take advantage of fixed rate by entering into a swap. It adds certainty to the returns without sacrificing liquidity.

#### IRS

All swaps are financial contracts, which involve exchange (swap) of a set of payments owned by one party for another set of payments owned by another party, usually through an intermediary (market maker). An IRS can be defined as a contract between two parties (Counter Parties) to exchange, on particular dates in the future, one series of cash flows, (fixed interest) for another series of cashflows (variable or floating interest) in the same currency and on the same principal for an agreed period of time. The exchange of cashflows need not occur on the same date.

#### FRA

A FRA is an agreement between two counter parties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date, based on a notional amount, for

an agreed period. In short, in a FRA, interest rate is fixed now for a future period. The special feature of FRAs is that the only payment is the difference between the FRA rate and the Reference rate and hence are single settlement contracts. As in the case of IRS, notional amounts are not exchanged. However, there is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party to comply with the terms of the contract. To the extent that settlements of contracts are not guaranteed by an exchange or clearing corporation, hence, there is the risk of a counterparty to a deal defaulting in payment.

The Scheme intends to use derivatives for the purposes, which may be permitted by SEBI Mutual Fund Regulations from time to time, which will include hedging & portfolio balancing. Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment.

### Illustrations

#### *Basic Structure of a Swap*

Assume that the Scheme has a Rs. 20 crores floating rate investment linked to MIBOR (Mumbai Inter Bank Offered Rate). Hence, the Scheme is currently running an interest rate risk and stands to lose if the interest rate moves down. To hedge this interest rate risk, the Scheme can enter into a 6 month MIBOR swap. Through this swap, the Scheme will receive a fixed predetermined rate (assume 12%) and pays the "benchmark rate" (MIBOR), which is fixed by the National Stock Exchange of India Limited (NSE) or any other agency such as Reuters. This swap would effectively lock-in the rate of 12% for the next 6 months, eliminating the daily interest rate risk. This usually is routed through an intermediary who runs a book and matches deals between various counterparties.

The steps will be as follows -

- Assuming the swap is for Rs. 20 crores June 1, 2006 to December 1, 2006. The Scheme is a fixed rate receiver at 12% and the counterparty is a floating rate receiver at the overnight rate on a compounded basis (say NSE MIBOR).
- On June 1, 2006 the Scheme and the counterparty will exchange only a contract of having entered this swap. This documentation would be as per International Swap Dealers Association (ISDA).
- On a daily basis, the benchmark rate fixed by NSE will be tracked by them.
- On December 1, 2006 they will calculate the following -
  - The Scheme is entitled to receive interest on Rs. 20 crores at 12% for 184 days i.e. Rs.1.21 crore, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.
  - The counterparty is entitled to receive daily compounded call rate for 184 days and pay 12% fixed.
  - On December 1, 2006, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 1.21 crore, the Scheme will pay the difference to the counterparty. If the daily

compounded benchmark rate is lower, then the counterparty will pay the Scheme the difference.

- Effectively the Scheme earns interest at the rate of 12% p.a. for six months without lending money for 6 months fixed, while the counterparty pays interest @ 12% p.a. for 6 months on Rs. 20 crores, without borrowing for 6 months fixed.

The above example illustrates the benefits and risks of using derivatives for hedging and optimizing the investment portfolio. Swaps have their own drawbacks like credit risk, settlement risk. However, these risks are substantially reduced as the amount involved is interest streams and not principal.

### Portfolio Turnover

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. Portfolio turnover would depend upon the market conditions such as volatility of the market and inflows/outflows in the scheme. The scheme has no explicit constraints either to maintain or limit the portfolio turnover.

## F. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

- (i) Type of a scheme
  - Close ended
  - Income Fund
- (ii) Investment Objective
  - Main Objective - Income
  - Investment Pattern - The tentative Debt/ Money Market portfolio break-up with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations as indicated in this Scheme Information Document.
- (iii) Terms of Issue
  - Liquidity provisions such as listing, repurchase, redemption as indicated in this Scheme Information Document.
  - Aggregate fees and expenses charged to the scheme as indicated in this Scheme Information Document.
  - The scheme does not guarantee any assured returns.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unit holders is carried out unless:

- A written communication about the proposed change is sent to each Unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and

- The Unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

## G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Benchmark Index for the Scheme is CRISIL Short Term Bond Fund Index.

Performance comparison for the Scheme will be made vis-à-vis the Benchmark. However, the Scheme's performance may not be strictly comparable with the performance of the Benchmark due to the inherent differences in the construction of the portfolios. The Trustee / AMC reserves the right to

change the Benchmark for evaluation of performance of the Scheme from time to time in conformity with the investment objectives and appropriateness of the Benchmark subject to the SEBI Regulations, and other prevailing guidelines, if any.

### *Rationale*

The CRISIL Short Term Bond Fund Index is an index to track the returns on a Short-term Portfolio that includes Call instruments, Commercial Paper, Government securities as also the AAA and AA rated instruments. Therefore in our opinion, CRISIL Short Term Bond Fund Index is a convenient, appropriate and easily available tool for analysing and capturing market movements and for determining the corresponding effect on a portfolio consisting of abovementioned instruments.

## I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the SEBI regulations, the following investment restrictions are applicable to the scheme:

- The Scheme shall not invest more than 15% of its NAV in debt instruments [irrespective of residual maturity period (above or below one year)], issued by a single issuer, which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the SEBI Act. Such investment limit may be extended to 20% of the NAV of the Scheme with the prior approval of the Trustee and the Board of the AMC. Provided that such limit shall not be applicable for investments in Government Securities.  
Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

- The Scheme shall not invest more than 10% of its NAV in unrated debt instruments [irrespective of residual maturity period (above or below one year)]; issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the Scheme. All such investments shall be made with the prior approval of the Trustee and the Board of the AMC or a Committee constituted in this behalf.
- The Scheme shall not invest more than thirty percent of its net assets in money market instruments of an issuer. Provided that such limit shall not be applicable for investments in Government securities, treasury bills and collateralized borrowing and lending obligations.
- AMCs shall make investment out of the NFO proceeds only on or after the closure of the NFO period.
- Transfer of investments from one Scheme to another Scheme in the same Mutual Fund, shall be allowed only if:-

- such transfers are done at the prevailing market price for quoted Securities on spot basis  
Explanation: spot basis shall have the same meaning as specified by Stock Exchange for spot transactions
- the Securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- The Scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same asset management company or in schemes under the management of any other asset management shall not exceed 5% of the net asset value of the Mutual Fund. Provided that this clause shall not apply to any Fund of Fund schemes and investment in Mutual Funds in Foreign Countries made in accordance with guideline issued by SEBI from time to time.
- The Mutual Fund will buy and sell securities on the basis of deliveries and will in all cases of purchase, take delivery of relative securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sales or carry forward transactions or engage in badla finance (carry forward).  
Provided that a mutual fund may enter into derivatives transactions in a recognised stock exchange, subject to such Guidelines as may be specified by the Board.
- The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned Scheme, wherever the investments are intended to be of a long term nature.
- In terms of SEBI circular having reference no. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007, pending deployment of funds of the Plans under the Scheme in securities in terms of the investment objective of the Scheme, the Mutual Fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks, after complying with the provisions of aforesaid circular, accordingly,
  - No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
  - No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
  - Trustees shall ensure that no funds of a scheme may be parked in short term deposit of a bank which has invested in that scheme.
- A Scheme shall not make any investments in:
  - any unlisted security of an associate or group company of the Sponsor; or
  - any security issued by way of private placement by an associate or group company of the Sponsor; or
  - the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets.
- The Scheme shall not make any investment in any fund of funds scheme.
- No loans for any purpose shall be advanced by the Scheme.
- The mutual fund having an aggregate of securities, which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by the Board settle their transactions entered on or after January 15, 1998 only through dematerialised securities.
- The mutual fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase, redemption of units or payment of interest or dividend to the unit holders.  
Provided that the mutual fund shall not borrow more than 20% of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.
- Exposure due to hedging positions may not be included in the derivative position limits subject to the following:
  - a. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
  - b. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under derivative limits.
  - c. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
  - d. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
  - e. The scheme may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
  - f. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits stated below the asset allocation pattern viz., the cumulative gross

exposure through debt and derivative positions will not exceed 100% of the net assets of the scheme.

All Investment Restrictions shall be applicable at the time of making investment.

Apart from the Investment Restrictions prescribed under the SEBI Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities. The AMC / Trustee may alter the above Investment Restrictions from time to time to the extent that changes in the SEBI Regulations may allow and as deemed fit in the general interest of the Unit holders.

## **J. HOW HAS THE SCHEME PERFORMED?**

This Scheme is a new Scheme and does not have any performance track record.

## **K. OTHERS**

### **Investment by the AMC in the Scheme**

The AMC may invest in the Scheme in the New Fund Offer Period subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

## B. ONGOING OFFER DETAILS

<b>Ongoing Offer Period</b> This is the date from which the scheme will reopen for subscriptions/redemptions after the closure of the NFO period.	Being a close-ended Scheme, the investors may subscribe to the units of the Scheme only during the New Fund Offer Period. However, the Units can be traded on the Stock Exchange post listing. The units will be listed and available for trading through the Stock Exchange(s) within five business days of allotment.
<b>Ongoing price for subscription (purchase)/ switch-in (from other schemes / plans of the Mutual Fund) by investors</b> This is the price you need to applicable to intra-scheme switches. Example: If the applicable NAV is Rs.10 then sales price will be: Rs. 10	Units cannot be subscribed after the closure of NFO. However the Units can be traded on the Stock Exchange post listing. Since the Scheme is close-ended, switch-in facility is not available subsequent to NFO period. This provision would be applicable to intra-scheme switches also.
<b>Ongoing price for redemption (sale) / switch outs (to other schemes / plans of the Mutual Fund) by investors</b> This is the price you will receive for redemption/switch outs.	Units will be redeemed only at the time of maturity at the applicable NAV. However the Units can be traded on the Stock Exchange post listing. Since the Scheme is close-ended, switch-out facility is not available subsequent to NFO period. This provision would be applicable to intra-scheme switches also.
<b>Cut-off timing for redemptions/switches</b> This is the time before which your application (complete in all respects) should reach the official points of acceptance.	Not Applicable as units under the Scheme will be redeemed only at the time of maturity at the applicable NAV.
<b>Where can the applications for redemption / switches be submitted?</b>	The Units can be traded on the Stock Exchange post listing. However, with respect to redemptions/switch outs at the time of maturity, the details of the official points of acceptance are given herein.
<b>Minimum amount for redemption/ switches</b>	No redemptions are permitted till the maturity of the Scheme.
<b>Minimum balance to be maintained and consequences of non maintenance</b>	Not Applicable
<b>Special Products / facilities available</b>	Since this is a close ended scheme, special features such Systematic Investment Plan, Systematic Transfer Plan & Systematic Withdrawal Plan shall not be available. Switching options shall not be available post NFO Period.
<b>Account Statement</b>	<p>An applicant whose application has been accepted shall have the option either to receive the statement of accounts or to hold units in dematerialised form. The AMC shall issue to those applicants who hold units in physical mode a statement of accounts, specifying the number of units allotted to the applicant as soon as possible but not later than five business days from the date of closure of the initial subscription list.</p> <p>An Account Statement will be sent by ordinary post / courier / email. The Account Statements shall be non-transferable.</p> <p>In case of those unit holders, who hold units in physical form, an Account Statement reflecting the net balance of the Unitholder will be mailed to the Unitholder by ordinary post /courier / email after every financial transaction is effected, except in unforeseen circumstances (Financial Transaction would mean Dividend declaration, if any and redemption at maturity). The Account Statement shall not be construed as a proof of title and is only a computer-printed statement indicating the details of transactions under the Scheme. Provided that the Mutual Fund / Trustee / AMC reserves the right to reverse the transaction of crediting Units in the Unitholder's account, in the event of non-realisation of any cheque or other instrument remitted by the investor.</p> <p>The Unitholders, who hold units in physical form, may request for an account statement at any time during the tenor of the scheme by writing to the AMC / OPAT Centres. Unitholders are requested to provide their e-mail ids for receipt of all correspondences including account statements using e-mail as the mode of communication. If the Unitholder experiences any difficulty in accessing the electronically delivered Account Statement, the Unitholder shall promptly advice the Mutual Fund to enable the Mutual Fund to make the delivery through alternate means. Failure to advice the Mutual Fund of such difficulty within 24 Hours after receiving the e-mail would serve as an confirmation regarding the acceptance by the Unitholder of the Account Statement.</p>

	<b>Annual Account Statement</b> <ul style="list-style-type: none"> <li>The Mutual Funds shall provide the Account Statement to the Unit holders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement.</li> <li>The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme.</li> <li>Alternatively, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated.</li> </ul>
<b>Dividend</b>	The dividend warrants shall be dispatched to the Unit holders within 30 days of the date of declaration of the dividend.
<b>Redemption</b>	<p>As the Scheme is being listed, investors will not be able to redeem their units during the tenor of the Scheme and there will be redemption by the fund only on the maturity of the Scheme. The redemption proceeds shall be dispatched to the unit holders within 10 working days from the date of maturity of the Scheme.</p> <p>However, under normal circumstances, the Mutual Fund will endeavour to despatch the redemption proceeds within 3 Business Days from the date of maturity of the Scheme.</p>
<b>Delay in payment of redemption / repurchase or dividend proceeds</b>	The Asset Management Company shall be liable to pay interest to the Unit holders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).
<b>Bank Account Details</b>	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unitholder does not provide the Bank mandate, in the application form, then the AMC shall consider the application as invalid and refund the subscription amount to the investor within 5 business days from the date of closure of the NFO. It may be noted that, in case of those unit holders, who hold units in demat form, the bank mandate available with respective Depository Participant will be treated as the valid bank mandate for the purpose of payout at the time of maturity or at the time of any corporate action.
<b>Registration of multiple bank account registration</b>	<p>Under this facility, an investor can register up to five bank accounts with the Fund to receive the redemption/dividend proceeds choosing one of these accounts as the preferred bank account. The Unit Holder may choose to receive the redemption/dividend proceeds in any of the bank accounts, the details of which are registered under the facility by specifying the same in the 'subscription/redemption request form'. However, where a Unit Holder does not specify the same, the default option would be to credit the redemption/dividend proceeds to the bank account chosen as the preferred bank account.</p> <p>AMC/RTA shall adopt the same process of verification for above registration as is applicable for a change in bank mandate.</p>

## C. PERIODIC DISCLOSURES

### Net Asset Value

This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.

#### D. COMPUTATION OF NAV

The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI Regulations, or such norms as may be specified by SEBI from time to time.

NAV of Units under the Scheme shall be calculated as shown below:

$$\text{NAV per Unit (Rs.)} = \frac{\text{Market or Fair Value of the Plan's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Plan}}$$

Separate NAVs will be calculated and announced for each of the Options under the Plan(s) & Sub-Plans of the Scheme. The NAVs will be rounded off up to 4 decimal places for the Scheme. The Units will be allotted up to 3 decimal places.

#### E. ROLL-OVER FACILITY

At the time of maturity, if it is perceived that the market outlook for similar securities / instruments is positive and investment in similar kind of instruments is likely to fetch better returns for the investors, then in the interest of the Investor, the Trustees may decide to roll-over the scheme.

This would be based on demand / request of the investors for the same. All other material details of the scheme/plans including the likely composition of assets immediately before the roll over, the net assets and net asset value of the Scheme will be disclosed to the unitholders. Such rollover will always be permitted only in case of those unitholders who express their consent in writing.

The unit holders who do not opt for the roll over or have not given written consent shall be allowed to redeem their holding in full at net asset value based price.

## IV. FEES AND EXPENSES

### A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

In terms of SEBI Circular no. SEBI/IMD/CIR No. 4/ 168230/09 dated June 30, 2009, no entry load will be charged for purchase/additional purchase/ switch-in accepted by the Fund with effect from August 01, 2009. Thus, the entire amount received from the Unit Holder will be available for investment. NFO expenses, if any, shall be borne by the AMC.

### B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that up to 2.25% the daily average net assets of the scheme to be charged to the scheme as expenses. As per the SEBI Regulations, the maximum recurring expenses including the investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of average daily net assets as given in the table below. Expenses over and above the prescribed ceiling will be borne by the AMC.

First Rs. 100 Crores	Next Rs. 300 Crores	Next Rs. 300 Crores	Over Rs. 700 Crores
2.25%	2.00%	1.75%	1.50%

The AMC has estimated the annual recurring expenses under the Scheme as per the table below:

<b>Total Recurring Expenses</b>	<b>2.25</b>

For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

These estimates have been made in good faith as per the information available to the Investment Manager based on

past experience and are subject to change inter-se. Types of expenses charged shall be as per SEBI (Mutual Funds) Regulations, 1996.

The mutual fund would update the current expense ratios on the website within two working days mentioning the effective date of the change.

### C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure please refer to the website of the AMC ([www.bnpparibasmf.in](http://www.bnpparibasmf.in)) or call your distributor.

Type of Load	Load Chargeable (as %age of NAV)
Entry	Nil
Exit	Nil

In accordance with the requirements specified by the SEBI circular no. EBI/ IMD/ CIR No. 4/ 168230/09 dated June 30, 2009 no entry load will be charged for purchase/additional purchase/ switch-in accepted by the Fund with effect from August 01, 2009.

The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder.

With effect from August 01, 2009, exit load/ CDSC (if any) up to 1% of the redemption value charged to the unit holder by the Fund on redemption of units shall be retained by each of the schemes in a separate account and will be utilized for payment of commissions to the ARN Holder and to meet other marketing and selling expenses.

Any amount in excess of 1% of the redemption value charged to the unit holder as exit load/ CDSC shall be credited to the respective scheme immediately.

Subject to the SEBI Regulations as amended from time to time, the AMC / Trustee reserve the right to modify / alter the load structure and may decide to introduce a load structure on the Units subscribed / redeemed on any Business Day under each Scheme(s) / Option(s) on a prospective basis. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors. At the time of changing the load structure, the AMC shall take the following steps:

- The addendum detailing the changes shall be attached to Scheme Information Documents and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- Arrangements shall be made to display the changes/ modifications in the Scheme Information Document in the form of a notice in all the ISCs' and distributors' offices.

- The introduction of the load/ CDSC along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Any other measures which the Mutual Fund may feel necessary.

The investor is requested to check the prevailing load structure of the scheme before investing.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.
