Investment Objective	The Investment objective of the scheme would be to achieve growth of capital through investments made in a basket of fixed income securities maturing on or before the maturity of the scheme.			
Asset Allocation Pattern of the scheme & investment strategies	Under normal circumstances, the asset allocation under the Scheme would be as follows:			
	Types of Instruments	Indicative Allocation (% of total Assets)		Risk Profile High/Medium/Low
		Minimum	Maximum	
	Debt instruments *	0	100	Low- Medium
	Money market Instruments	0	100	Low- Medium
<p>* The cumulative gross exposure through debt and derivative positions will not exceed 100% of the net assets of the scheme. It may be noted that cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. An internal limit upto 30% has been set for investments in debt derivatives. The Scheme does not intend to invest in Foreign Securities. The Scheme will not engage in Securities Lending. The Scheme will not invest in equity and equity related securities and securitised debt including foreign securitised debt.</p> <p><b>Investment strategies:</b></p> <ul style="list-style-type: none"><li>• The AMC will analyse macroeconomic fundamentals such as growth, inflation, exchange rates, liquidity, etc. Based on these factors an interest rate view is generated. This view is used as the basis for determining the average portfolio maturity of the scheme.</li><li>• Portfolio adjustments are then processed to achieve maximum total return. Extension or retraction of maturity / duration begins only after a thorough evaluation of spreads between quality issuers, market sectors and yield curves. The emphasis is on instruments where the financial strength of the issuer / guarantor is well documented by major rating services. In addition, in - house credit analysis is relied on to arrive at relative positions within major rating categories.</li><li>• This being a fixed term fund, under normal circumstances, the need to rebalance would be minimal once the initial investments have been made.</li></ul>				
Risk Profile of the Scheme	<p><b>Risk Factors</b></p> <p><b>Scheme Specific Risk Factors:</b></p> <p>Subject to the stated investment objective, the scheme proposes to invest in debt and debt related instruments. The Risk Factors for debt and debt related instruments are provided below:</p> <ul style="list-style-type: none"><li>• Listing of the units of the fund does not necessarily guarantee their liquidity and there can be no assurance that an active secondary market for the units will develop or be maintained. Consequently, the Fund may quote below its face value / NAV.</li><li>• There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.</li><li>• The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment.</li></ul> <p><b>Scheme investing in Bonds:</b></p> <p>Credit Risk</p> <p>Credit risk refers to the risk of default in timely payment of interest or principal and the market perception of credit worthiness of the issuer. Investments in bonds and debentures will usually be in instruments that have been assigned high investment grade ratings by a recognised rating agency. The Scheme, may, considering the overall risk of the portfolio, invest in lower rated/unrated securities offering higher yields. This may increase the absolute level of risk of the portfolio.</p> <p>Interest Rate Risk</p> <p>The price of a fixed rate instrument fluctuates inversely with the prevailing level of interest rates in the market. Reinvestment risk, a component of interest rate risk, is the risk that future proceeds will have to be reinvested at a lower potential interest rate. The Scheme could also be exposed in case of floating rate instruments to interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement. (Basis / Spread risk)</p> <p>Liquidity Risk</p> <p>Trading volumes, settlement periods and transfer procedures may affect the liquidity of the investments of the scheme. The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.</p> <p><b>Risks associated with investing in Derivatives:</b></p> <p>Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.</p>			
Plans / Options offered	<p>The Scheme contains following two Options (including sub options):</p> <ul style="list-style-type: none"><li>• Growth Option.</li><li>• Dividend Option (Calendar Quarterly and Dividend on Maturity Option).</li></ul> <p>The Dividend Option offers only Dividend Payout Facility / Plan. There shall be a single portfolio under the scheme.</p>			
Applicable NAV (after the scheme opens for repurchase and sale)	<p>Units will be redeemed only at the time of maturity at the applicable NAV. However the Units can be traded on the Stock Exchange post listing. Since the Scheme is close-ended, switch-out facility is not available subsequent to NFO period. This provision would be applicable to intra-scheme switches also.</p>

## IMPORTANT INFORMATION / INSTRUCTIONS FOR ASBA INVESTORS

### Background:

In its continuing endeavour to make the existing New Fund Offer process more efficient SEBI introduced a supplementary process of applying in New Fund Offer, viz: the "Applications Supported by Blocked Amount (ASBA)" process. Accordingly, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 have been amended for ASBA process. The salient features of circular no. SEBI/CFD/DIL/ASBA/1/2009/30/12 dated December 30, 2009 available on SEBI website for "Additional mode of payment through Applications Supported by Blocked Amount (hereinafter referred to as "ASBA") are mentioned below for understanding the ASBA process:

- Meaning of ASBA:** ASBA is an application for subscribing to a New Fund Offer (NFO), containing an authorisation to block the application money in a bank account.
- Self Certified Syndicate Bank (SCSB):** SCSB is a banker to an issue registered with the SEBI which offers the facility of applying through the ASBA process. The list of SCSBs is displayed by SEBI on its website

at [www.sebi.gov.in](http://www.sebi.gov.in). ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs displayed on SEBI's website. Investors maintaining their accounts in any of these Banks may approach one of the designated branches of these SCSBs for availing this facility. Further it may be noted that from time to time new banks register themselves as SCSBs who become eligible to provide these services and also the existing SCSBs designate additional branches that also provide this facility. An updated list of all the registered SCSBs, their controlling branches, contact details and details of their contact persons, a list of their designated branches which are providing such services is available on the website of SEBI at the address <http://www.sebi.gov.in>. Further these details are also available on the websites of the Stock Exchanges at <http://www.bseindia.com> and <http://www.nseindia.com>. Alternatively, investors may also contact the AMC, RTA for information about the SCSBs or the ASBA process. These SCSBs are deemed to have entered into an agreement with the Issuer and shall be required to offer the ASBA facility to all its account holders for all issues to which ASBA process is applicable. A SCSB shall identify its Designated Branches (DBs) at which an ASBA Applicant shall submit ASBA and shall also identify the Controlling Branch (CB), which shall

act as a coordinating branch for the Registrar to the Issue, Stock Exchanges and Merchant Bankers. The SCSB, its DBs and CB shall continue to act as such, for all issues to which ASBA process is applicable. The SCSB may identify new DBs for the purpose of ASBA process and intimate details of the same to SEBI, after which SEBI will add the DB to the list of SCSBs maintained by it. The SCSB shall communicate the following details to Stock Exchanges for making it available on their respective websites. These details shall also be made available by the SCSB on its website: (i) Name and address of the SCSB (ii) Addresses of DBs and CB and other details such as telephone number, fax number and email ids. (iii) Name and contact details of a nodal officer at a senior level from the CB.

**3. Eligibility of Investors:** An Investor shall be eligible to apply through ASBA process, if he/she:

- (i) is eligible under the section "Who can invest" of the SID,
- (ii) is applying through blocking of funds in a bank account with the SCSB; Such investors are hereinafter referred as "ASBA Investors".

**4. ASBA Facility in Brief:** Investor shall submit his / her Application through an ASBA Application Form, to the SCSB with whom the bank account of the ASBA Investor or bank account utilised by the ASBA Investor ("ASBA Account") is maintained. The SCSB shall block an amount equal to the NFO application Amount in the bank account specified in the ASBA Application Form on the basis of an authorisation to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until the Allotment in the New Fund Offer and consequent transfer of the Application Amount against the allocated Units to the Issuer's account designated for this purpose, or until withdrawal/failure of the Offer or until withdrawal / rejection of the ASBA Application, as the case may be. The ASBA data shall thereafter be uploaded by the SCSB in the electronic system of the Stock Exchanges. When the Allotment is finalised, the RTA to the NFO shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the AMC account designated for this purpose. In case of withdrawal/Rejection of the Offer, the RTA to the Offer shall notify the SCSBs to unblock the blocked amount of the ASBA Applicants within one day from the day of receipt of such notification.

**5. Other Information for ASBA Investors:**

1. SCSB shall not accept any ASBA after the last day of the NFO period.
2. SCSB shall give ASBA investors an acknowledgement for the receipt of ASBAs.
3. SCSB shall not upload any ASBA in the electronic system of the Stock Exchange(s) unless (i) it has received the ASBA form; and (ii) it has blocked the application money in the bank account specified in the ASBA or has systems to ensure that ASBAs are accepted in the system only after blocking of application money in the relevant bank account opened with it.
4. SCSB shall ensure that complaints of ASBA investors arising out of errors or delay in capturing of data, blocking or unblocking of bank accounts, etc. are satisfactorily redressed.
5. SCSB shall be liable for all its omissions and errors in discharging responsibilities in the ASBA process.
